I am a dedicated learner, currently working as an Operating Developer at Alma Linux. With a passion for open-source technologies, I have also interned at the Free Software Foundation (FSF), where I gained valuable experience in advocating for and promoting free software. As a member of prestigious organizations like IUPAC, OWASP, and IEEE, and a passionate Linux user, I actively contribute to the tech community. With a strong commitment to continuous learning and staying up-to-date with the latest industry trends, I am always seeking opportunities to expand my knowledge and skills in the field of technology.
